

## **Beaufort County Detention Center Inmate Visitation**

Visitation with inmates is exclusively done through Homewav kiosks which are in each cell block. This allows inmates video/audio visitation throughout the week. Visitation is initiated by the inmate, and you can visit with them using your pc, smart phone, or tablet as long as you have a working camera, microphone, and internet connection.

Follow the steps below to connect with your incarcerated friends and family members.

Go Mobile: Download the HomeWAV App

1. Launch your phone's camera app.

2. Point the camera at the QR code.

3. Follow the on-screen instructions.
